

## BOARDING POLICY

Lake Hamilton and Hot Springs Animal Hospital require that all boarding pets be current on his/her vaccinations (Canine: Distemper, Parvovirus, Coronavirus, Bordetella, Rabies, Lepto) (Feline: Distemper, Chlamydia, Leukemia, Rabies, Bordetella, FIP), intestinal parasite and heartworm tests.

This ensures a safe, disease-free environment for your loved one.

If you choose to bring your pet's own bedding, it must be easily identified with your name, the pet's name, and it must be easy to launder. We may discourage certain types of bedding for laundering that is too bulky or too easily ruined if soiled.

All dogs are exercised 2 to 3 times a day. Exceptions will be made for dogs who are deemed an escape risk or who are too aggressive to be handled safely while outdoors. All cats receive litter pans. Fresh water will naturally be available at all times. Your pet's quarters are cleaned and sanitized at least twice a day.

We feed Purina or Hill's Science Diet. If your pet requires a special diet, please alert the receptionist of this information. If you prefer to bring your own food, please place it in a sack or container with your name, the pet's name, and all the necessary instructions. If you prefer that we feed prescription diet, it can be provided to you at the regular cost of the food.

Your pet must be free of Internal and External Parasites. If not, treatment will be done at your expense.

We are not responsible for any personal items left with your pet.
